

VIVA Las Vegas!

For Stags, Stagettes & Weddings

We are the unequivocal Las Vegas Experts. For 5 years we have been traveling to Vegas 4-6 times a year & making connections.

From the clubs, to private reception options, cakes, makeup and hair to flowers, you NEED us for the perfect wedding, stagette or stag.

Here are a few of our Vegas tips:

***YOU DON'T SIT IN CLUBS UNLESS YOU HAVE VIP Bottle Service.** Clubs and bars in Vegas don't operate like Canadian venues. You can't just walk into a club and sit where you want. EVERY seat is RESERVED.

***From April to September, the places to party are the Private Pool Parties.** They combine sun, DJ's & partying all into one- who could ask for more!

***We are impartial & not backed by any specific vendor or club.** We will provide our honest opinions & ensure you go to the venue, restaurant, club that BEST meets your tastes, style & preferences.

***Can't decide where to go before you leave? Always keep our number or email in your back pocket.** Once you get to Vegas and decide on a club- call us- as we know the top people at EVERY club to get your past the lines.

***Vegas is super economical right now.** Many restaurants are not even charging minimums for private room rentals. To save even more, consider booking your event during the week.

Destination Weddings:

In the past 5 years destination weddings have exploded in popularity. For most couples, the concept of a vacation AND a wedding is so appealing. Despite their intrigue, far away weddings still do require planning & research.

Keep in mind that we differ from typical travel agencies in that we offer PERSONALIZATION. You will always have one point of contact. Furthermore, we travel extensively to experience destinations first hand, so we can give PERSONAL opinions & advice based on REAL trips, not just pictures. Here are some ideas and suggestions to keep in mind:

- 1) Know the rules of the country you are going to. Some countries have specific documents to be translated and also require the couple to be in the country for a set number of days before they can be married.
- 2) Even if the resort has an event coordinator, hire a home based wedding coordinator to shoulder your stresses. We speak & write Spanish. Remember, "Caribbean/Island/Latin" time often prevails.
- 3) Give people advance notice of travel dates, so they can prepare & budget.
- 4) Do not be offended if some people are unable to travel to the destination.
- 5) Prepare small tour booklets for your guests before you all leave about the destination & schedules.
- 6) Explore unique & fun favours for your guests. Favours can be given at the wedding or combined as a thank-you afterwards.
- 7) Plan an "After Party" for when you return. Recreate some of the special moments to relive the experience for everyone.

WE ARE EXCITED TO ANNOUNCE:
