## POOL PARTIES

The pool parties in Vegas have become the hottest spots during the day. Each pool party has its own distinct vibe & speciality. Depending on the day & your mood, you can't go wrong with any of these daytime party machines.

The best way to truly enjoy a pool party is to **get a cabana or daybed**. It gives your group a place to gather, eat, drink and party. With the sweltering desert sun, it is also great to have shade every once in a while.

REHAB

Most venues have a **food & drink minimum**- which is easily reachable when you are there all day. Also, if you get a daybed or cabana you

MARQUEE

don't wait in lines, outside the venue or at the busy bars. We love having a waitress bring drinks & food right to our cabana & an attendant who is constantly cleaning our area/ getting us new towels at our every whim.

Depending on the day, size of group & type of area you want costs can range from \$250 to \$10000.

**The Pool Party experience is worth every penny!**

With so many choices, it is hard to decide! We know where to go, which club has which vibe & what night is best. Ask us which club will suit your tastes & mood.

The biggest thing people are not prepared for in Las Vegas is the **LINE-UPS**. **The last thing anyone wants to do when they are ready to party is to wait in line.**

In addition to the Line-ups, it catches a lot of a people off guard that **you don't sit in Las Vegas clubs**, unless you have VIP Bottle Service. All seats are monitored & even the prettiest smiles won't win you a seat for your sore feet.

In my opinion, bottle service is really the only way to best experience Vegas. Why? **The convenience**. Bottle service ensures you don't have to wait in lines or pay cover. Most importantly you get an exclusive place to sit, your own private waitress & all your drink mixes. Bottle service usually starts at \$500 per bottle. The number of bottles will be dictated by where you want to sit and how many people are in your group. For groups of 3 or more, it truly is the best way to experience Vegas.

Do you **NEED** Bottle Service? Not at all. Depending on the size & type of group you can usually get on the guest list. This will still require some waiting, as bottle service clients will have always have priority.

Next time you are going to Vegas- we will ensure you have the best connections & can truly **Get Out of Line!**
