

Get Out of Line in Las Vegas

Have you been to Las Vegas lately? The last thing anyone wants to do is wait in line. We KNOW. We have BEEN there!

As the entertainment capital of the world, every casino is bursting with spectacular sights, entertainment and dining.

Time Is Money has formed exclusive partnerships throughout Las Vegas to guarantee your time is maximized inside the venues; whisking you past the regular lines and directly into the pulse of the party.

The average wait time for any of the hottest clubs on ANY night of the week (TAO, PURE, TRYST, JET, BODY ENGLISH) is at least 2 to 3 hours. To get a table at the most coveted restaurants such as Guy Savoy or Emeril's is a minimum 2-6 month reservation list.

Not only that, many don't realize that in Las Vegas you DON'T sit unless you have VIP status. All seats are monitored by nightclub security quards. Even the prettiest smiles won't win you a seat for your sore feet.

Instead of being disappointed, call Time Is Money before you leave. Some of our exclusive services include:
